All Things Vertebrate

Join us for a summer of fun as we explore the Montessori 3-6 year old classroom! We'll learn all about vertebrates through art, drama, story, food, song, dance, and a variety of indoor and outdoor learning activities. This fun summer curriculum will feature the traditional Montessori materials and guide children in creative discovery and exploration of the world of animals, specifically the world of vertebrates!

"All Things Vertebrate" is a great way to transition your child new to the 3-6 classroom and to engage your child who is already familiar with Montessori with summertime opportunities for continued growth and development! This camp will be taught by 3-6 teachers, Barbara Mansfield and Alica Johnson-Grafe, with assistance from Grace Smith.

Sign up for three, four or all five weeks!

About the Teachers

Barbara Mansfield will lead this year's summer camp and bring with her many years of Montessori experience including founding a school in 1995. Barbara is a graduate of the University of Colorado and is a certified Montessori 3-6 teacher. With grown children and a yearning for adventure she is excited to spend the summer with young children; she loves their necessity of being in the moment, their infectious joy, seeing life through fresh eyes and true candor!

Alica Johnson-Grafe will support Barbara as the second lead teacher in the "All Things Vertebrate" Summer Camp. Alica is an experienced 3-6 teacher and Brixham's Head of School. Alica loves the opportunity to step "back into the classroom" and is excited to spend the summer playing, singing, and guiding children in their morning explorations of the classroom and playground.

Grace Smith will assist the morning 3-6 summer camp and support children who need aftercare till 3pm. A Brixham graduate and current Anthropology student at the University of New Hampshire, Grace brings experience and joy of Montessori to her work with children
